5 ways we will improve King's Cross

- ✓ **Building more affordable housing** - we will build more council homes in Camden to tackle homelessness and overcrowded homes.
- ✓ **Improving housing repairs** - we will tackle damp and mould, and improve housing conditions in council homes and the private rented sector.
- ✓ **Supporting residents with the cost of living crisis** - help those struggling through council tax support for the lowest paid and free debt advice.
- ✓ **Investing in our young people** - invest in youth services and make sure all young people have access to Camden's job and cultural opportunities.
- ✓ **Tackling crime and antisocial behaviour** - we will push for more police on our streets and install more CCTV in hotspots.
