

5) LOWER TRAFFIC NEIGHBOORHOOD SCHEMES

Lower Traffic Neighbourhood Schemes (LTN), have created more pollution than what they were created for. They have caused grid lock congestion on all the surrounding main roads around LTNs. They have made Mini cab and black cab journeys more difficult and more expensive. Gallons of fuel is being wasted because of this pointless strategy and is causing much more pollution. Even Bus commuters have noticed that their bus journey times have increased due to the traffic jams that LTNs have created. Sadiq Khan and the Labour Council have unnecessarily closed dozens of Roads in Camden which have been used for decades to make our car journeys cheaper and quicker. Chancery Lane, Judd Street, and Red Lion Street are just some of the closures. Without any consultation, Sadiq Khan and the anti-normal Labour Party have implemented this backwards system. Hundreds of Streets and Roads have been unnecessarily closed with LTN schemes across London, leaving many local businesses out of pocket because less customers pass by their shops. This has made many people very frustrated and angry. I am campaigning to scrap all LTNs and all unnecessary Road closures within the last 3 years. Many Camden residents who I have spoken to including myself, suspect large scale corruption is the main driving force behind the non-stop changing of Camden's Road lay out. The estimated cost for all these constant Road system changes goes into the millions of pounds with no end in sight. Pollution, climate change, cycle safety, congestion, and COVID-19, are some of the excuses they have used to waste our £millions continually changing the Road lay out. Is this corruption?

VOTE FOR INDEPENDENT CANDIDATE PATRICK MCGINNIS

If you are angry and agree with just one of the 5 points, I ask you to vote for me and send the politically correct establishment your protest message. I urge you not to vote for Labour, Conservative, Liberal, Greens because they are one Party and responsible for all the five points I am campaigning against. Thank you for reading my leaflet.

Election Communication - Covent Garden & Holborn ward - Thursday 5th May

Local People First For Housing

1) Housing Crisis

The Labour, Conservative, and Liberal Democrat Governments of the last 40 years, have put refugees in social housing before UK citizens who were here already on waiting lists. This is implemented on a points-based housing system policy. "Refugees" get a higher number of points because they have fled a war zone. There have been an estimated 1 million UK citizens on social housing waiting lists for at least the last 15 years. Every one reading this leaflet will either be on these waiting lists for housing themselves, or will have a family member or friend on them. The Johnson and Patel Government are allowing tens of thousands of refugees to rock up at Dover via the 1951 UN Refugee Convention, then they are giving them UK citizenship. Camden then house these refugees before Covent Garden and Holborn locals, who have been on housing waiting lists for many years, which is a disgrace. We have given citizenship and housing to more than enough refugees over the years and the time has come to say "enough is enough." The only way to solve this problem, is to #ExitUNRefugeeConvention and put our own people first. The Government are currently paying £4.7 million per day on Hotel bills for the Dover refugees with no end in sight, despite the UK being £trillions in debt. The only solution is to stop accepting refugees and immigrants for permanent settlement citizenship into our country.

IT'S TIME TO PUT LOCAL PEOPLE FIRST!

As a Christian I strongly believe that genuine refugees should receive help but not to be given citizenship. Unfortunately, the LibLabCon Governments over the years have wasted all our resources, which means we can no longer even help them. The 1951 UN Refugee Convention gave the right to every citizen on the planet to get UK citizenship as a refugee.

2) Covid 19 Debacle

Healthy people under the age of 60 were never in danger of dying if they contracted the Covid 19 virus. The Tories, Lib Dems, The Greens and the Labour Party UNNECESSARILY shut down Camden and the UK on and off for two years, which ruined people's lives, businesses, and social lives. Millions have gone into debt and poverty because of these selfish, destructive and draconian policies. Big Pharma and the globalist elite were pulling the strings of the Conservative and Labour Parties in order to achieve this nightmare which turned into a reality.

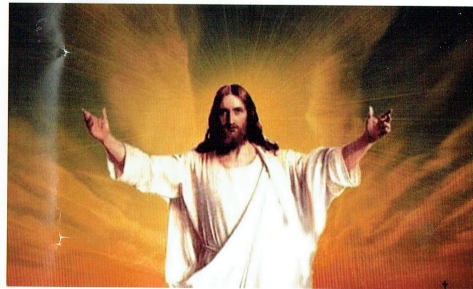

Tens of thousands of people have unnecessarily died from Cancer, suicide, murder, and taking the untested vaccine because of the irresponsible and disproportionate approach to the Covid 19 outbreak. Tens of thousands of people have also experienced life changing injuries from taking an untested vaccine that they didn't even need to take in the first place. The vaccine doesn't work. I am completely against any sort of vaccine mandates/passports. The UK had to borrow £400 Billion which we didn't have because of the Covid 19 debacle. This has been a crime against humanity and our community. Covid is no worse than a normal flu which can also be fatal for the elderly.

3) CIVILISED SOCIETY

I am a Christian and I attend Church every Sunday. As a community, we must re embrace our Christian values in order to maintain a civilised society. The great civilisations of Europe came from strong Christian roots. The welfare state has unfortunately replaced the family unit and the Church as a safety net for our community. I oppose any sort of sex education in Schools. Sex education should be the responsibility of the children's parents and not the Lib-Lab-Con-Green Establishment. The politically correct Establishment are also constantly confusing our children with transgender issues. They are teaching them that men can be born women and women can be born men which means there is no such thing as a man or a woman. This is incredibly dangerous for humanity. This needs to be stopped and replaced with the teachings of Jesus Christ. Jesus preached that there will be consequences for us if we don't behave. Socialism has no consequences and that is the reason it has and will fail. Socialism and Communism are vehemently anti-Christian. Try and support your local Church in order to build a stronger and healthier society.

Patrick McGinnis Independent Candidate

The leaflet on the right was delivered to homes in Camden by the council.

4) Erasing British History

The Labour run Camden Council and Sadiq Khan have successfully instigated the name change of Cecil Rhodes House which is a council block of flats on Pancras Road, NW1. They said the reason for this was because of Cecil Rhodes Links to the British Empire and slavery. I am completely against any erosion of British history, culture, and traditions because of people feeling offended by it. Will Sadiq Khan and Camden council now instigate a name change for Holborn Mosque which is also Camden council property because of its links to slavery in that Mohammed owned slaves? Mohammed purchased and owned a slave from a slave market which he kept for many years. Can we now have a vote in the local vicinity of the Mosque to have the name changed? Mahatma Gandhi also said black people are subhuman and agreed with the Apartheid regime in South Africa. Will Sadiq Khan remove his Statue from Parliament Square?.

I feel offended that our history is being erased by Khan and Camden because of links to Empire/ slavery. No other community is having their history erased because of their links to slavery. The Mayor of Camden, Cllr Sabrina Francis, has officially urged Camden residents to only buy from black owned businesses on the first Saturday of every month. This is blatant discrimination against the non-black population of Camden, and is clearly against the law. Why has she not been arrested?.

The Labour run Camden Council are using/exploiting the black and Muslim communities as cannon fodder to attack the white British community for their own, Neo Marxist anti-white hate agenda. This is dividing Camden's population which is very dangerous and is fuelled by their hatred of anything British.

Mayor of Camden Sabrina Francis appeared in a video encouraging shoppers to buy from black owned businesses!
